January 20, 2016

To: Mundy Township Residents and Taxpayers,

Due to recent inquiries to the source of our water from both residents and businesses. May this correspondence serve as notice that our municipal water comes through Genesee County Water & Waste Services from Detroit Water & Waste Services. This water is supplied from The Great Lakes.

Unlike the City of Flint we have always received our municipal water from Detroit.

A handwritten signature in black ink that reads "Joe Oskey". The signature is written in a cursive, flowing style.

Joe Oskey
Charter Township of Mundy
