

The Charter TOWNSHIP of MUNDY
SIGN ORDINANCE
Ordinance No. 72B

AN ORDINANCE TO ELIMINATE ORDINANCE NO 72 OF THE CHARTER TOWNSHIP OF MUNDY TO ADD TO THE ZONING ORDINANCE SECTION 34 TO REGULATE SIGNS AND POSTER BOARDS IN THE TOWNSHIP OF MUNDY, GENESEE COUNTY, MICHIGAN

The Charter Township of Mundy ordains:

Section 34.00 –SIGNS INTENT AND APPLICABILITY.

The intent of this Article is to regulate signs and outdoor advertising within the Township so as to protect public safety, health, and welfare; minimize abundance, intensity (as it relates to the use of light, movement, reflection, and color), and size of signs to reduce visual clutter, motorist distraction, and loss of sight distances; promote public convenience; preserve property values; support and complement land use objectives as set forth in the Township of Mundy Master Plan and this Ordinance; and enhance the aesthetic appearance and quality of life within the Township. The standards contained herein are intended to be content neutral.

These objectives are accomplished by establishing the minimum amount of regulations necessary concerning the size, placement, construction, illumination, and other aspects of signs in the Township so as to:

- A. Recognize that the proliferation of signs is unduly distracting to motorists and pedestrians, reduces the effectiveness of signs directing and informing the public, creates confusion, reduces optimum uniform traffic flow, and creates potential for traffic incidents.
- B. Prevent signs that are potentially dangerous to the public due to structural deficiencies or disrepair.
- C. Reduce physical and visual obstructions due to a proliferation of signs which would diminish the Township's character, property values, and quality of life.
- D. Serve the public interest of and satisfy the principal intent of commercial signs which is to identify establishments on the premises, and not advertise special events, branding, or off-premises activity.
- E. Enable the public to locate goods, services, and facilities without excessive difficulty and confusion by regulating the number and placement of signs.

- F. Regulate placement of signs so as not to obstruct or conceal signs of adjacent uses or important visual objects, such as public safety signals or hazards.
- G. Protect the public right to receive messages, especially noncommercial messages such as religious, political, economic, social, and other types of information protected by the First Amendment of the US Constitution.
- H. Maintain and improve the character or image of the Township and its neighborhoods by encouraging signs of consistent size and composition which are compatible with and complementary to related structures and uses, and harmonious with their surroundings.
- I. Discourage portable commercial signs in recognition of their significant negative impact on traffic safety and aesthetics.
- J. Enhance the character of the Township's commercial, residential, and mixed use districts.
- K. Recognize the collective public benefit of individuals' need to erect temporary on-premises signs to sell real estate, hold garage sales, identify development projects, and express political or other speech while balancing this need with the public good by regulating the number, manner, and duration of such placement to promote less collective clutter and visual obstruction.
- L. Recognize that the Township of Mundy is in the unique position to hold, sponsor, or sanction educational, public, or community events that require identification, notice, or posting of temporary signs. Such events include but are not limited to public hearings, public notices, workshops, or promotional community events.

C. Removal.

Any sign erected of a temporary nature shall require written notice of only three days.
2. Upon failure to comply with this notice, the Building Department representative may remove the sign and its supporting structure. 3. Any portable sign, except those expressly permitted in this Article, shall be removed within six (6) months from the effective date of this Article. D. Obsolete Signs. An obsolete sign shall have its copy removed or concealed by the property owner or lessee of the premises upon which the sign is located when the business which it advertises is no longer conducted on the premises.

The Building Department representative may remove a sign and its supporting structure immediately and without notice if, in his or her opinion, the condition of the sign and its supporting structure presents an immediate threat to the safety of the public. The cost of such removal by the Township shall be assessed against the owner of such sign or the owner of the building, structure or premises.

- E. Where a successor to an inactive business agrees, within thirty days of the date of written notice by the Building Official, to maintain the sign as provided for in this Article, the copy removal/concealment requirement shall not apply, provided that the existing sign and structure conforms to all current sign requirements.

Section 34.11 -- CRITERIA FOR VARIANCE FROM THE SIGN REGULATIONS.

The Zoning Board of Appeals may hear requests for variances from the regulations set forth in this Article. The Building Official may require the applicant to present photographs of similar signs, color renderings or to erect a temporary mock-up of the sign on the site prior to rendering a decision on a variance request. A non-use variance may be granted by the Zoning Board of Appeals in cases involving practical difficulties and a use variance may be granted in cases involving undue hardship. Requests for variance shall be reviewed for compliance with the following:

- A. Variances may be granted for any one of the following conditions:
 - 1. The applicant has demonstrated a variance is needed due to a practical difficulty on the site, such as varied topography, horizontal or vertical road curvature, or presence of structures or desired trees that limit visibility of a sign on the premises compared to similar sites with conforming signs in the same zoning district; or
 - 2. A variance is warranted due to the relatively large size of the site, frontage or building in comparison to other establishments in the same zoning district; or
 - 3. A variance would significantly improve the conformity of an existing sign.
 - 4. A master-sign plan is proposed that is unique due to project scope and scale.
- B. To grant a variance for one of the conditions specified above, all of the following standards must also be met:
 - 1. The inability to conform with the requirements of this Article is due to a hardship or practical difficulty that includes more than mere inconvenience or mere inability to attain a supposed higher financial return; and
 - 2. That the alleged hardships or practical difficulties, or both, are exceptional and peculiar to the property of the person who requested the variance, and result from conditions which do not exist generally throughout the Township; and
 - 3. That allowing the variance will result in substantial justice being done, considering the public benefits intended to be secured by this Ordinance, the individual hardships that will be suffered by a failure of the Zoning Board of Appeals to grant a variance, and the rights of others whose property would be affected by the allowance of the variance, and will not be contrary to the public purpose and general intent of this Article; and

4. The variance granted is the minimum necessary to allow the applicant to enjoy the same rights as other establishments in the same zoning district, have a reasonable outlet for free speech and meet the intent of this Article; and
5. The variance will not adversely affect the health, safety and welfare of the public.

Section 34.12 -- COSTS OF ENFORCEMENT.

Any costs or expenses incurred by the Township in enforcing this Article shall be paid by the owner of the sign found to be in violation of this Article; or upon default thereof, by the owner of the sign or the owner of the property to reimburse the Township for costs and expenses incurred in such enforcement. The owner of the property shall be billed for such cost and expenses in the same manner as other taxes.

Section 34.13 -- PENALTIES.

Any violation of this Article shall be a misdemeanor punishable as provided in the Code of Ordinances of the Township of Mundy.

Section 34.14 -- CONFLICT WITH OTHER LAWS.

In any case where a provision of this Article is found to be in conflict with another provision of this Ordinance, or any building, housing, fire, safety, or health ordinance of the Township of Mundy existing on the effective date of this Article, the provisions which establish the higher standard for the promotion and protection of the health and safety of the people shall prevail. In any case where a provision of any other ordinance or Code of the Township of Mundy establishes a lower standard for the promotion of health and safety of the people, the provisions of this Article shall prevail, and such other ordinances or Codes are hereby declared to be repealed
